

ANDROID APPLICATION DEVELOPMENT

SUBJECT CODE: PCA20D04J

M. C. A.- II SEMESTER/ I YEAR

Name : Rohit Kumar

Registration No. : RA2232241030037

Even Semester (2022-23)

**DEPARTMENT OF COMPUTER APPLICATIONS SRM
IST, NCR CAMPUS MODINAGAR**

(A Constituent of SRM University, Chennai T.N.)
Delhi-Meerut Road, Sikri Kalan, Modinagar – 201204
Ghaziabad (U.P.)

BONAFIDE CERTIFICATE

Registration No. RA2232241030037

*Certified to be the bonafide record of work done by **Rohit Kumar** of 2nd semester, 1st year M. C. A. degree course in SRM INSTITUTE OF SCIENCE & TECHNOLOGY, DELHI-NCR Campus for the Department of **Computer Applications**, in Android Application Development (PCA20D04J) during the academic year 2022-23.*

Lab In charge

Head of the department

Submitted for the university examination held on ____/____/____.

Examiner-I

Examiner-I

INDEX

S. No.	Name of Program	Page No.	Date of Program	Signature
1.	Write an application to create Login page with toast message as “welcome to the Android World”			
2.	Write an application to Student registration form with toast message as “student registered successfully”			
3.	Write an application to Implement explicit intent.			
4.	Write an application to Implement implicit intent.			
5.	Write an application to Implement Time Picker.			
6.	Write an application to Implement Date Picker.			
7.	Write an application to implement Student Registration form using Listview.			
8.	Write an application to Implement context menu.			
9.	Write an application to Implement option Menu.			
10.	Write an application program to show how to Set and retrieve shared preferences.			
11.	To develop a simple Android Application that makes use of Database			
12.	Implement an application that writes data to the SD card			

13.	Implement an application that creates an alert upon receiving a message			
14.	Develop a standard calculator application to perform basic calculations like addition, subtraction, multiplication and division			
15.	Simulate paintbrush application			
16.	Draw an object			
17.	Implement webview			

Program 1

Aim: Write an application to create Login page with toast message as “welcome to the Android World”.

Code:

activity_main.xml

```
<?xml version="1.0" encoding="utf-8"?>
<RelativeLayout
xmlns:android="http://schemas.android.com/apk/res/android"
    xmlns:app="http://schemas.android.com/apk/res-auto"
